## U. S. TROOPS WILL BE SENT TO CANAL ZONE

Preparation to Meet Possible Trouble in Coming Campaign—Disquiet Exists in Panama and Movement is Designed as Precaution.

Washington, D. C., September 6.—Unsatisfactory political conditions in the little republic of Panama, in which the United States government has something of a fatherly interest, are said to be mainly responsible for the movement now in progress for the establishment of a military garrison on the Panama Canal. Originally it was planned to send troops to the Canal Zone for the better protection of that great waterway about a year or six months before the date fixed for the opening of the canal to the commerce of the world in 1915.

That something has occurred, or is expected to occur in the near future,

## There's a Satisfied Look

On the face of every youngster you see eating a piece of Bromm's Bread—and thousands of 'em in Richmond eat it every day.

"It tastes good" is what the children say.

Sure it tastes good. Not only that, but it's nutritious—makes good blood for both big folks and little folks.

Will Sell Next Week.

The Tenth Infantry, which has been stationed at Fort Sam Houston, near San Antonio, Texas, for some time past, is expected to sail for Colombia from Galveston on the army transport Kilpatrick the latter part of next week. It is the intention of the War Department to send additional troops to Panama as soon as barracks and other accommodations can be provided for them. As rapidly as the forces working on the canal vacate their quarters they will be occupied by the soldiers.

This applies to troops of the mobile army, consisting of three regiments of infantry, one squadron of cavalry and one battalion of field artillery. It is not intended to send the twelve companies of coast artillery to the isthmus until the fortifications have been completed.

Changes in Army Stations.

The sending of the Tenth Infantry to Panama at this time is likely to hasten the proposed changes in the stations of troops in the United States and the Philippines, but no definite plans have yet been made. It is admitted that the sending of troops to Hawaii and increasing the garrisons in the strength of the Philippine army is proposed to recruit all the organizations serving in the Archipelago to their full authorized strength, and to increase the number of coast artillery companies in that quarter. If that is done the only material reduction in the fighting force in the Philippines will be in the cavalry branch.

Increased efficiency in the Philippine Scouts organizations also is counted on to make up for any deficiency that may arise from the withdrawal of troops from the Philippine station.

Men team match. The winners, respectively, were Lieutenant George C. Shaw, a team made of Captain Guy Emerson and Lieutenant H. E. Simon, of Ohio, and the United States Army infantry team.

In the Swiss trophy match an individual squad competition, there were sixteen cash prizes.

MAY BAR ART TO CHILDREN.

School Board Asked to Stop Visits of Pupils to Art Museum.

Boston, Mass., September 6.—Protests against allowing school children to visit the Boston Museum of Fine Arts, where some of the works of art are alleged to familiarize the beholders with vice, were received last night by the school committee from the Rev. Lawrence B. Greenwood, a leading Dorchester minister, and from the School Protective League.

Asking that all visits of pupils to the museum under guidance of teachers be stopped forthwith, the School Protective League declares: "We believe this has manifestly tended to destroy the morals of the young and has played an important part in encouraging gross and deplorable immoralities."

## BAILY INTENDS TO LEAVE TEXAS

Gainesville, Tex., September 6.—Official confirmation was made here today by Senator Bailey personally, of the announcement last night that he would not be a candidate for re-election to the United States Senate after his present term expires March 3, 1913. Just what caused Senator Bailey to decide to retire from public life is not known. To a few friends, however, the Senator is said to have confided the causes for his action, but they refuse to divulge the reasons. Senator Bailey, it is understood, intends to practice law in New York City.

Seattle, Washington, September 6.—Miss Dora Keen, of Philadelphia, who undertook to climb Mount Blackburn, Washington, 16,119 feet, and who was obliged to turn back when only two days from the summit because of the exhaustion of her supplies, food and alcohol, arrived in Seattle today. She declares she thinks her attempt has proved that the peak may be scaled.

The Keen party spent four days in seeking a route by which to make the final ascent of the peak, and when a possible trail finally was found at an altitude of 8,500 feet, a three days' storm set in. Sufficient food and alcohol remained to make the ascent or to weather the storm, but the supply would have been insufficient for both, so the attempt was abandoned.

## DECLARES PEAK MAY BE SCALED

A WORLD UNIVERSITY.

Suggestion Made by Chancellor of University of Christiania.

Christiania, September 6.—King Haakon and Queen Maud took part yesterday in the celebration of the centennial of the foundation of the University of Christiania. They were present this evening at a fete given at the National Theatre, at which 150 representatives of foreign universities, including a score of American professors.

Dr. W. C. Broegger, chancellor of the university, who presided, advocated the establishment of an international university, to be subsidized by all nations, as the logical evolution of the scheme for the interchange of university professors which originated in the United States.

The King gave a banquet at the castle in honor of the delegates.

## TRUSTS FINANCED MADERO UPRISING

Mexico City, via Galveston Tex., September 6.—Appeal to anti-American sentiment will be resorted to if plans of certain elements opposed to General Madero are carried out. Dr. Francisco Vazquez de la Barra, announced that he intends to make public certain startling documents in connection with the revolution, and it is declared that these documents will attempt to show that the Madero uprising was financed by American trusts.

### Alleged Message From Taft.

Senor Don Jose Martinez, who was secretary to Senor Salgado, leader of an unsuccessful revolt against the government, and who was arrested to-day, declared that he had received a cablegram from President Taft, saying that the United States would insist on Senor de la Barra's continuing as President.

A Reyes newspaper says that during Sunday's riot an American had been overheard to say that "in December it will be President Madero, in January Reyes, in February Taft, and in March de la Barra."

The governor of the federal district has issued a decree that there shall be no more political demonstrations permitted in the streets of the capital until conditions change. The Reyes central committee has issued an open letter to the party's clubs, saying that no political manifestations should be attempted, as participants would not be protected from any assaults from outsiders.

Emelio Acosta, who attempted to start an uprising in Vera Cruz, has been captured at Tuxpan, while Camerino Mendonza, held in the penitentiary here as the author of an attempt at revolt against the government in the neighboring State of Puebla, was released with three subchiefs to-day, as no grounds were found on which to prosecute.

### On Charge of Desertion.

Alfonso Miranda, a revolutionary leader, was arrested here to-day on the charge of desertion from the regular army. A Chapultepec graduate and a sublieutenant in the army, he was ordered to the front in Chihuahua during the revolution. He says he was captured by revolutionists in Guerrero, where he went to visit his parents before going to the war, and was forced to take command of a force of rebels.

General Madero is in Orizaba to-day, and to-morrow he goes to the city of Vera Cruz en route to Yucatan, where he will meet his candidate for Vice-President, Senor Don Jose Maria Pino Suarez. General Madero is meeting with enthusiastic receptions all along the line.

### NERVE OF NEWSDEALER AMAZES A POLICEMAN

New York, September 6.—Charles Cobb, a newsdealer, living at 188 East 123d Street, started to cross 125th Street at Eighth Avenue last night, just as a westbound Kingsbridge car decided that it would rather remain on the tracks than get out of Cobb's path.

Cobb's right leg was fractured between the knee and the ankle. Patrolman Milardum Alfred Cobb and took him to a drug store on the corner. The newsdealer remained so composed despite the accident that he won the policeman's admiration.

The druggist raised Cobb's trouser leg just as the policeman stepped to the

door and said: "I'll send for an ambulance." But the druggist checked him. "Send for a carpenter instead," he remarked. "This leg is wooden."

It was impossible to find a carpenter at the moment, so the policeman and the druggist procured some nails, wire, glue and rope and sent Cobb home in good shape.

The newsdealer is fifty-two years old. He lost his right leg in 1870, in Ponda, N. Y., when a train bumped against it.

### TO HOLD A "CUTICLE PARTY."

Hero Who Was Scalded Asks Guests for Pieces of Their Skin.

Atlantic City, September 6.—Bert Smith, who risked his life in a steam filled room Monday night to save Joseph Cochran, his assistant, from being scalded to death, issued invitations yesterday afternoon to friends to be his guests at a "cuticle party." Surgeons at the City Hospital explained he would be disgraced for life unless persons volunteered to part with strips of skin to be grafted on his face.

Smith and his companion were trapped in a small apartment in the basement of the Champion Building when a steam pipe burst. Smith's arm was broken and he was badly burned. Cochran begged to be allowed to sacrifice some of his cuticle for his rescuer, but his own injuries prevented.

### BIG SHORTAGE CHARGED.

Alleged Misappropriation of \$100,000 Belonging to Jewish Hospital.

Denver, Col., September 6.—Information charging misappropriation of funds of the National Jewish Hospital for Consumptives, amounting to \$100,000, will shortly be filed by District Attorney Elliott. The latter said last night. It is the first official suggestion as to the amount of the shortage. The statement followed the filing of two informations charging forgery against Bruno Grosser, assistant secretary of the hospital, arrested following the disclosure made under the recent death of Alfred Muller, late secretary of the institution. Grosser's bond was fixed at \$10,000, which was furnished.

## Words Spoken by Senator Daniel a Short While Before His Death to Gen. King.

"I know Martin well—from the foundation of his public life, and there is no more honorable man on earth than he. He is closer to me than any public man in Virginia and the Senate, and I know his honesty to be unchallengeable." Then, pausing, he said: "You may tell that anywhere, and to anybody.
